

**Kimberly-Clark offers comprehensive solutions designed to assist the caregiver in providing oral care.**

As the market leader in closed-suction systems, Kimberly-Clark has introduced an oral care kit designed by nurses, for nurses. The KIMBERLY-CLARK\* KIMVENT\* 24-Hour Oral Care Kit is a comprehensive, flexible, easy-to-use system that contains everything needed to clean, debride, and suction. The easy-access carton with individual packs allows caregivers to choose the right tool at the right time based on patient need and hospital protocol. Kit components include:

- **Innovative Self-Cleaning Covered Yankauer (featuring technology from BALLARD\* TRACH CARE\*)**
- **Ergonomically Designed Suction Handle**
- **Y-Adapter for Single Suction Canister Use**
- **4 Suction Swab Procedure Packs**
- **2 Toothbrush Procedure Packs**
- **2 Flexible Suction Catheters**

Additional oral care products available to meet the needs of your patients include:

- KIMVENT\* Oral Care Individual Components
- READY CARE\* Closed Suction Patient Kits and Components
- DENTASWAB\* Oral Care Kits and Components
- READY CARE\* DENTASWAB\* Swabs

The NEW KIMBERLY-CLARK\* KIMVENT\* 24-Hour Oral Care Kit is just one of the clinical solutions that you can depend on to meet the demands of your fast-paced world.

Whether your needs involve preventing healthcare-associated infections, or finding surgical and digestive solutions, with Kimberly-Clark you'll always have one less worry.

**9 out of 10 users believe the self-cleaning Yankauer performs better (90%), and requires less maintenance (91%) than previously used suction tools.†**

† 354 product evaluations from 27 hospitals were completed by nurses and respiratory therapists.
